AMERICAN SOCIETY OF CLINICAL ONCOLOGY

BENGALURU, INDIA 2025

SHERATON GRAND BRIGADE GATEWAY, BENGALURU

24 AUGUST, 2025 | 09:00 AM - 05:00 PM

Hosted by

THEME:

DRIVING KNOWLEDGE TO ACTION: **BUILDING A BETTER FUTURE**

FOCUSED SESSION ON RESEARCH METHODOLOGY

TOPIC: **RESEARCH METHODOLOGY AND BIOSTATISTICS WORKSHOP: FROM IDEA TO DESIGN**

WORKSHOP OVERVIEW

This intensive one-day workshop provides a comprehensive foundation in health research methodology, designed to equip healthcare professionals with essential skills for conducting rigorous scientific research. Led by experienced faculty **Dr. L Nagesh** and **Dr. Shyam Sivasamy**, the program combines theoretical learning with practical group activities to ensure participants gain both knowledge and hands-on experience.

SPEAKERS

Dr. L Nagesh
Former Professor
Emeritus, Research Wing,
DSCDS, Bangalore

Dr. Shyam Sivasamy
Professor,
Department of Public
Health Dentistry,
Meenakshi Academy of
Higher Education and
Research (MAHER),
Maduravoyal, Chennai

WORKSHOP OUTCOMES

Upon completion of this workshop, participants will be able to:

- **Formulate Research Questions:** Develop well-structured, focused research questions that address relevant healthcare problems.
- **Select Appropriate Research Designs:** Choose and justify the most suitable research methodology for different types of health research projects.
- **Apply Statistical Fundamentals:** Understand basic biostatistical concepts including data types, measures of central tendency, and dispersion.
- **Develop Research Proposals:** Create preliminary research outlines incorporating proper design elements and hypothesis testing.
- **Understand Clinical Trial Basics:** Grasp fundamental concepts of clinical trial design and implementation.
- **Collaborate Effectively:** Work in multidisciplinary teams to solve research challenges through structured group activities.

WHO SHOULD ATTEND

- **MD Students** - Medical graduates pursuing specialized training
- **DNB Candidates** - Diplomate of National Board trainees across all specialties
- **Postgraduate Medical Students** - MS, MD, and other clinical specialty residents
- **Healthcare Researchers** - Early-career professionals beginning research careers
- **Clinical Fellows** - Those pursuing subspecialty training requiring research competency
- **Medical Faculty** - Junior faculty members seeking to strengthen research methodology skills
- **Healthcare Professionals** - Nurses, pharmacists, physiotherapists, and other allied health professionals interested in evidence-based practice and research.
